Data Structures & Algorithms

Checkpoint Data Structures & Algorithms

Unlocked

What You're Aiming For

Go to <https://visualgo.net/en>  `https://visualgo.net/en`
(an incredible sight with clean visualizations of all kinds of data structures and algorithms.)

Instructions

- Test and try the interactive schemes of each data structure & sorting algorithms
- List the name of the data structures & sorting algorithms that you are not familiar yet and why you still not mastering .
- Share with your instructor.

Link Submission

Submit Checkpoint

Use your GitHub account to push the link in a new repository with the name of the checkpoint

 Note: Once your instructor approved the checkpoint, you will no longer be able to change the link.

Evaluation Specifics

▼

How We'll Evaluate

Your checkpoint will be evaluated based on these criteria, each rated from 0 to 5.

 What We're Looking For

 Checkpoint Assessment

- Your Tech Skills
- Quality of Work
- Problem-Solving Skills

- Deadline Alert: (0 score if missed)
